Your luggage will be delivered to your stateroom or suite.
- 

### Rapid Antigen Test

- 

### Check-in

Once you have completed your document check you are clear to proceed into the terminal and carry out your check-in with our embarkation team. Here you will present your passport, this will be exchanged with your boarding pass which must stay with you throughout the cruise. Your boarding pass acts as your passport when visiting ports, your access to the ships, your room key and also your onboard charge card for purchases. Your passport is kept by the ships team to clear immigration at every port and returned to you the night before the end of your cruise. You will be asked to register a bank or credit card against your stateroom or suite to allow purchases of any extras on board. Please note: cash is not accepted on board in any of our bars, restaurants or shops. Instead it is charged to your account and settled at the end of your cruise.
- 

### Security

Once you have completed your check-in you will proceed to security. Just like the airports you are required to put all your belongings you are carrying as hand luggage into a tray and pass them through the scanners. You will have to pass through the walk through metal scanners. If you have a medical condition which exempts you from passing through the scanners please advise the port security at the time and have any supporting medical certificates necessary to present.
- 

### Embark the ship

It is just a short walk or shuttle bus to the ships gangway. You will be asked to sanitise your hands at one of the hand sanitising stations before entering the ship. When entering the ship our security will scan your boarding card to register you are on the ship. Please note your boarding pass will be scanned every time you embark or disembark the ship. Please do not attempt to do either without your boarding pass as you will be denied entry or exit.
- 

### Lifeboat/Muster Drill on Day 1

Under Maritime law you are required to participate in a muster / lifeboat drill. Due to social distance restrictions this has been changed. You are required to go to your stateroom or suite and watch the safety video on your stateroom TV. This is typically on channel 1. Once you have completed watching the video, please check you have the required life jackets in the wardrobe. If you do not, please contact reception immediately. The final step to completing your safety briefing is to proceed to your designated muster station. This is written on the back of your boarding card and also on the back of your stateroom / suite door. You must proceed to your muster station within two hours of being onboard and scan your boarding pass at the muster station scanner. This is mandatory and checks will be made to ensure compliance.

## Life onboard

### ENTERTAINMENT DAY AND NIGHT

When it comes to entertainment, the fun never stops. There is a Gym, Spa, Shops and photo shop onboard.

There is a packed programme of events and activities every day with something to keep everyone amused whatever your age might be.

There is traditional and contemporary music, live shows, dancing lessons, exercise classes, language lessons and handicraft, lectures, sporting tournaments (where applicable) and much more. We start early while at sea and continue all day and into the evening. Our nightlife features a whole host of entertainment with both Greek and international themes. We have excellent musicians and you will enjoy the sounds of the bouzouki and popular Greek songs. You can also be the star of the show in the karaoke nights or learn to dance like a Greek - although there is no plate smashing.

If the disco is more your thing, our DJ provides plenty of popular international music. You can be our Dancing Queen or King!

### FORMAL EVENING

During our 7 night and 4 night cruises, we host a Gala Night and the Captain's Cocktail in honour of our guests, and we ask that you attend in formal dress: a cocktail dress or something smart for the ladies, jacket and tie for the men.

### RELAX BY THE POOL

One of the very best places to chill out and relax on board, under the glorious Mediterranean sun with your favourite cocktail are the pool decks. Just bring a pool towel from your stateroom and come on up. On the Celestyal Olympia we also have a smaller, shallower pool for younger cruisers. The size and number of pools varies from ship to ship. If you want to keep in shape or simply enjoy a little gentle exercise, please visit our fully equipped gym, towels are provided. And for some super-relaxation, book a massage in the poolside cabana.

### RELAX, KEEP FIT, FEEL SPECIAL

Cruise vacations are for pampering, disconnecting and treating yourself. Our cruise ships feature facilities where you can relax your mind and body in luxurious spas, keep fit in our fully-equipped fitness centres and feel special at our salons.

If you are feeling unwell or need advice you can make an appointment through reception unless of course it is an emergency.

It should be noted that the ship's medical centre is not required to be and is not equipped to the same standards as a land based hospital. The ship carries medical supplies and equipment in accordance with its flag state requirement.

You may wish to check the level of cover you have with your travel insurance company before your cruise to see which costs are likely to be included.

# What to wear

The weather in the Mediterranean is mild and pleasant year-round. If you cruise with us during the warmer part of the year, from May through September, light-coloured cotton clothes will help keep you cool. You should also bring swimsuits, if you plan to swim in our pool or at one of the incredible beaches we'll visit, as well as sunglasses and a hat which, combined with a good sunscreen, will help protect you from the Mediterranean sun. If you intend to use one of the well-equipped gyms on our ships, make sure to bring proper clothes and shoes (but don't worry about a towel, we'll provide it). Air-conditioning is strong on the ship and because of the occasional sea breeze in the afternoon, we suggest that you also pack a light jacket or a windbreaker.

## DRESSING FOR OUR SHORE EXCURSIONS

Light-coloured cotton or sports clothes that "breathe" will help keep you cool on our excursions. Make sure that you wear comfortable shoes for all excursions. If you plan to visit the beach you'll need a swimsuit, as well as sunglasses and a hat which, combined with comfortable shoes and a good sunscreen, will help protect you from the brilliant Mediterranean sun. If you will be visiting a religious or pilgrimage site, please dress respectfully in long trousers or a skirt that falls below the knee, and please remember to cover your shoulders.

As we sail through autumn and winter, warmer clothing is recommended as temperatures will be cooler. Wind breakers and warm jackets are a good idea.

## AFTERNOONS

We do not permit bathing suits or shorts in the restaurants, but we serve a delicious lunch buffet on our pool deck every day, where you can enter wearing short pants or bermudas.

## EVENING WEAR

In our restaurants, casinos, lounges and nightclubs, and in the other open spaces on our ships, your attire should be "country club casual" - relaxed, yet elegant - after 6:00 pm.

## DRESS UP

On each Celestyal cruise we host several themed nights such as White night, famous Greek night, where passengers are invited to wear blue and white (the colours of the Greek flag). During our 7 night and 4 night cruises there is a Gala night including Captain's cocktail and ship's Officers' presentation, where passengers are suggested to attend in formal dress: a cocktail dress or something smart for the ladies, smart casual attire for the gentlemen. Remember the photographer will be there to capture the moment. Check your daily program for a schedule of all evening events.

## FOOTWEAR

For your safety and comfort on board we suggest sports, flat deck shoes with low heels or sandals. These types of footwear will make it easier for you to navigate the cruise ship decks and stairwells. Please do not walk barefoot on the open decks.

## ACCESSORIES

You'll need a hat, sunglasses, a bathing suit, sandals and perhaps a small umbrella. Why not visit our on board shops where you will be able to buy suntan oil, eye protection, bathing suits among other goods? We also recommend you bring a camera (for photos, for video, or for both), and make sure you recharge your batteries before you sail - you won't believe the number of opportunities you'll have to shoot incredible photos and videos.

Don't forget, the winter months can get cold, so please bring some suitable clothing!

## Settling your onboard account

### BALANCE OF YOUR ACCOUNT

Guests who have registered their credit cards at the beginning of the cruise will receive a printed detailed statement of their on board charges, under the stateroom door the day before their disembarkation. Any discrepancies regarding their account statements shall be settled at the Reception desk before their final disembarkation from the ship. Their account will remain open till their final disembarkation.

Guests who have chosen to deposit a cash amount will have to settle their account at the Reception desk the night before the end of the cruise (time will be announced in the disembarkation letter). Their account will be closed, and any additional services or purchases should be paid in cash.

## Important information

### MEDICAL TREATMENT

If you are using a specific medicine or other drug treatment please remember to bring along a sufficient supply for your cruise. It may not be available from our medical centre. If your medication needs refrigeration please notify us at the time of the booking. If applicable, please make sure you have a spare pair of glasses or contact lenses.

Medical treatment is at extra cost. For medical fees (consultation and medicines) please refer to the medical centre.

### PREGNANCY AND INFANTS

We reserve the right to request a medical certificate at any stage of pregnancy and to refuse travel aboard our vessel if not satisfied that the passenger will be safe during the cruise.

For their own health and safety, infants under 3 months old are not permitted on board. If you require a baby cot, please advise our Reservations department at the time of reservation, as a number of stateroom categories cannot hold baby cots. ## GUESTS WITH DISABILITIES OR IMPAIRED MOBILITY

If you have a mobility impairment, at the time of booking we kindly request that you provide us with full and detailed information in connection to your disability. If we believe there might be a safety issue for you or for your travelling companion, Celestyal Cruises reserves the right to advise that the guest with health or mobility impairments must have the assistance of a person who will be responsible for and take charge of all of this guest's needs and requirements. If you or your travelling companion requires personal, individual care or supervision, this must be organized by you or your travelling companion at your cost. No Celestyal Cruises ship or staff or crew member can provide specific care or supervision to anyone, nor can we provide any form of medical care for a physical or psychiatric condition.

If you or the person with whom you are sharing your stateroom must use any special medical equipment during your cruise, you must notify us before you book your cruise, so we can be certain we are in a position to ensure the safe transportation and storage of this equipment (with the condition that it fits in your stateroom). This also applies to those travelling with a specially-trained guide or aid dog. If you are travelling with a guide dog, kindly note that all documentation must be sent to our Passenger Service Department by email at [paxserv@celestyal.com](mailto:paxserv@celestyal.com) at the time of booking, to ensure that there will be no issues in any of the ports visited.

We have a limited number of staterooms suitable for people with disabilities or whose mobility is impaired, and not all areas of our ships are accessible to these guests or equipped for them. Given these restrictions, bookings for such guests are dependent upon the availability of suitable on-board lodging. The assistance of an able bodied person capable of caring for the guest with limited mobility throughout the selected cruise is necessary. Incurring cost is on the guest's account. Guests using a wheelchair must bring his/her own normal size wheelchair. Celestyal Cruises only carries wheelchairs for emergencies on its vessels.

Celestyal Cruises is not required or obliged to organize alternative activities on board or on shore for guests with disabilities or whose mobility is impaired. Celestyal Cruises does not bear responsibility for the partial or complete inability of these guests to participate in advertised activities or on shore excursions during the cruise.

**We will always do our best to accommodate, satisfy and support the demands, needs and wishes of our guests, be they medical, dietary or otherwise.**

**Celestyal Cruises reserves (in its absolute discretion) the right to refuse to accept a booking or embarkation of a disabled person or person with reduced mobility on the grounds of safety.**

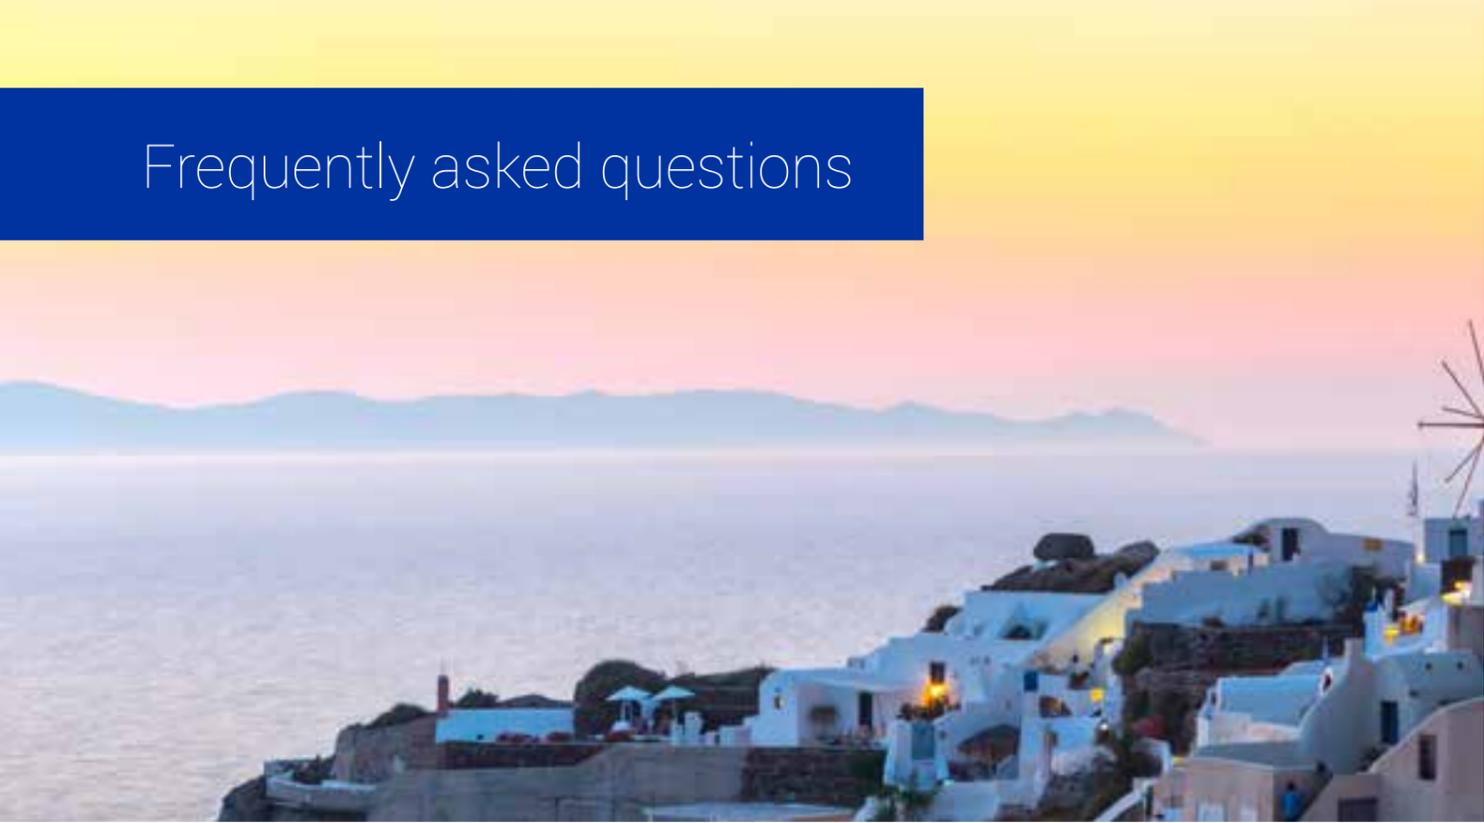

**Note:** It is to be noted that guests travelling with a wheelchair may not be able to disembark in any of the ports where tender boat service is in use for safety reasons. Our itineraries include at least one or two tendering ports therefore we suggest that you contact the Passenger Services office at [paxserv@celestyal.com](mailto:paxserv@celestyal.com) for any clarification needed.

## TIME TO SAY GOODBYE

When your ship has docked, disembarkation will begin only once the local port officials have given clearance and after all luggage has been offloaded. Disembarkation will take place in small groups in order to avoid congestion in the terminal and to respect social distancing. You should estimate an average time of maximum 2 hours from the ship's berthing time until your final disembarkation. In the meantime you can relax on board. Traveling time between the port of Piraeus or the port of Lavrio to Athens International airport will depend on means of transportation and traffic. As an Indication please note that the ride between Piraeus and Athens International Airport last approximately one hour while the ride between Lavrio port and Athens International Airport lasts approximately 40 minutes. If you have an early flight, contact the reception desk on board for further assistance. You can also contact our Passenger Service department at [paxserv@celestyal.com](mailto:paxserv@celestyal.com)
